

MALLE NAVIGATOR MANUAL

KIT LIST:

The 'James' Navigator
Capacitive Touch Screen
Removable Insert (for smaller devices)
Adjustable Straps
USB Charging Port

THE JAMES NAVIGATOR:

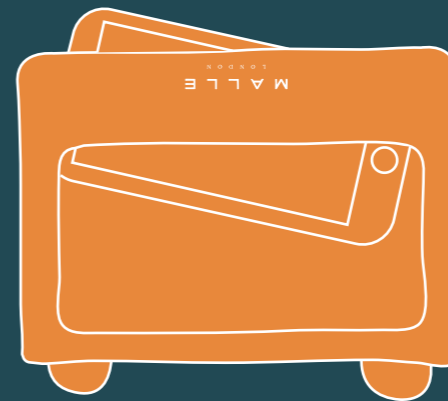

Designed for use with all phones (including all iPhone & Samsung devices), GPS or written directions. The Navigator keeps your navigation tools close to your line of vision - wrapped around the handlebar - so an occasional glance keeps you on track.

FEATURES:

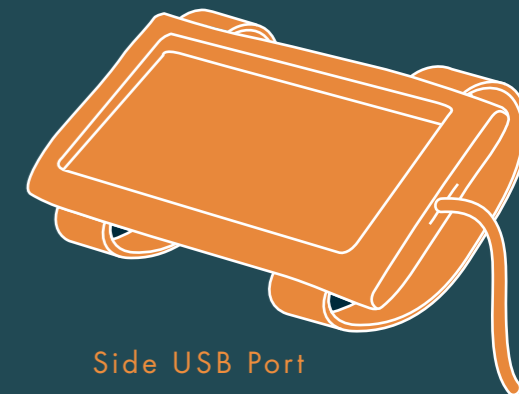

Touch-screen compatible, USB port for charging, durable leather, water resistant, and fast/easy to secure and remove from your motorcycle. Keeping your device protected and firmly in place when riding at speed, in all weather. Simply open the leather pouch, slip in the phone, set map and go.

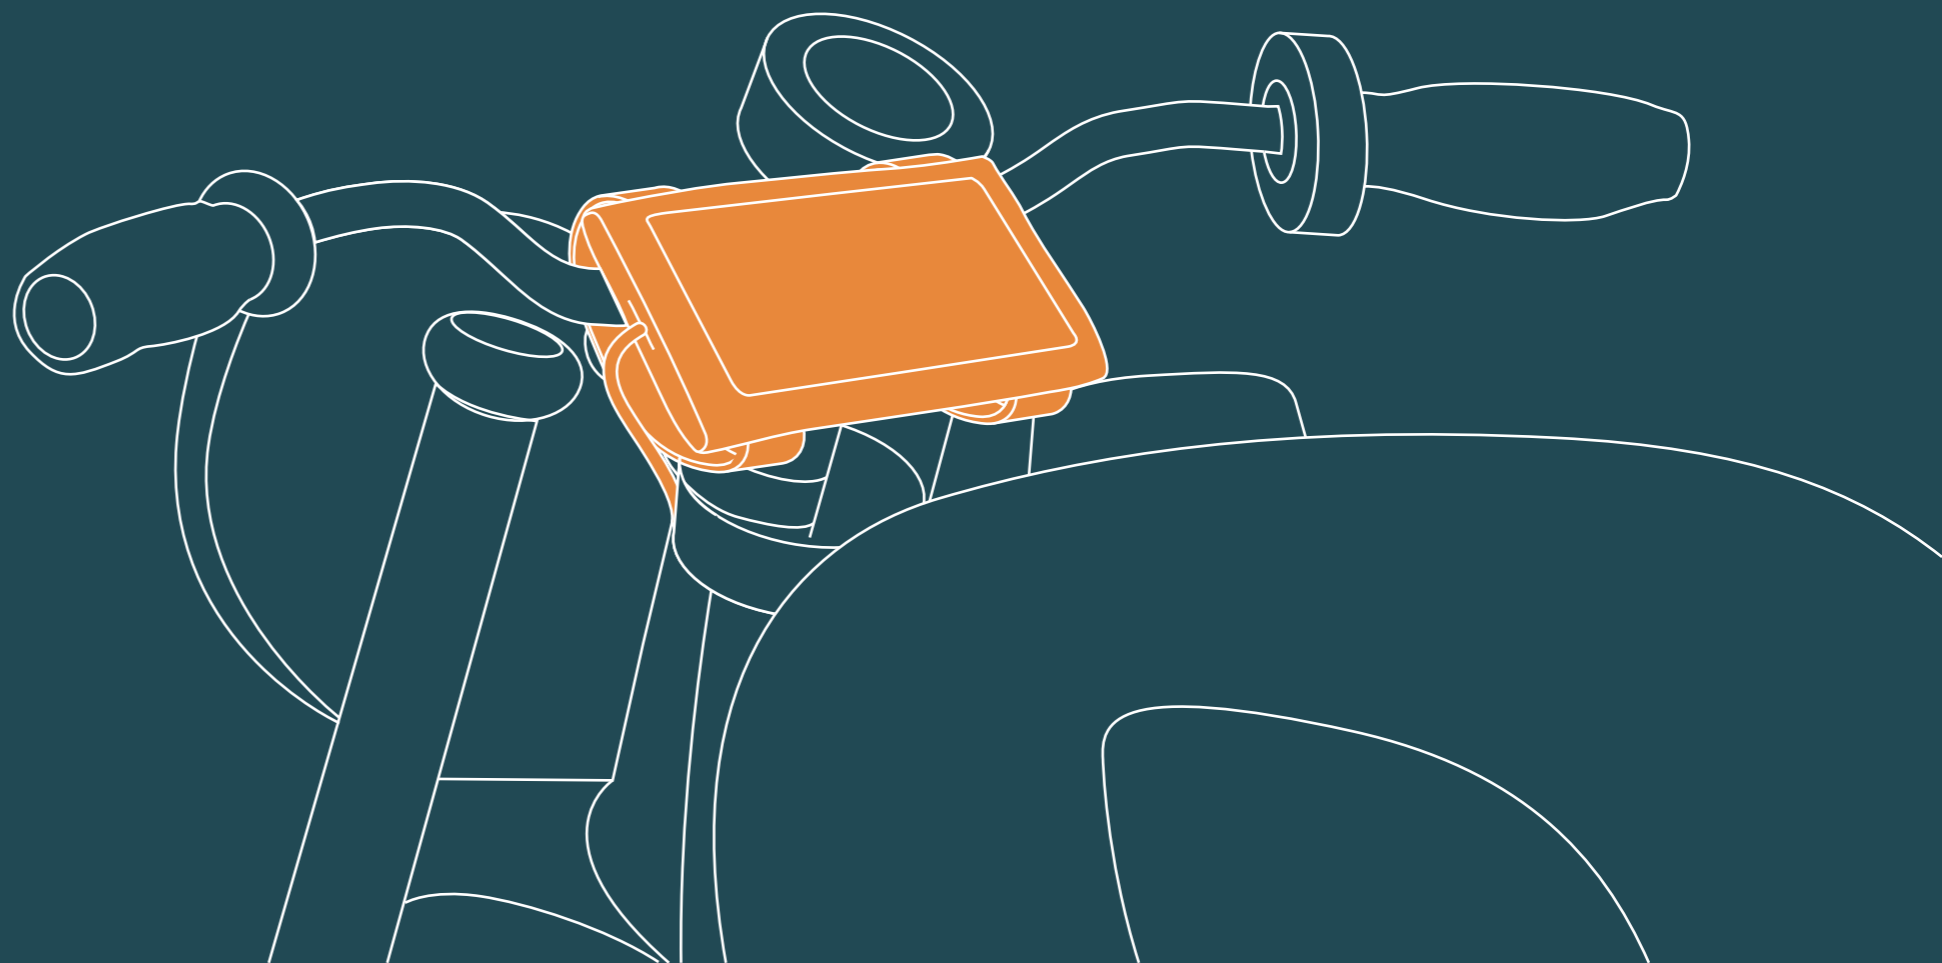

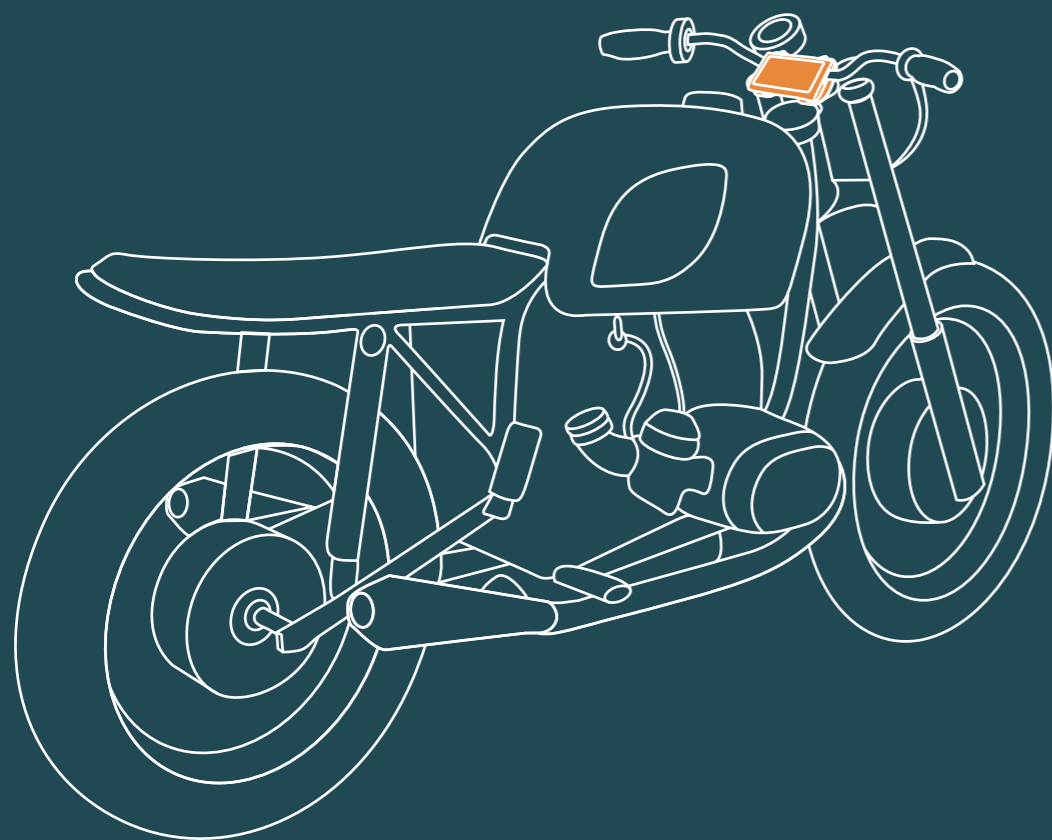

The James Navigator

Water Resistant Opening

Side USB Port
